

National Reproducible Research Network

About us: a national network, created in 2023

Main objectives

Main activities

Our organisation

The network : 400 members, 25 scientific fields, variety of position
Steering committee : 10 members, various scientific fields

Our activities

Various events on our website

<https://www.recherche-reproductible.fr>

Webinaires

- Apr 3, 2026 Qu'est ce que des Replication Games ? Pour qui et pourquoi ?
- Mar 20, 2026 Populations synthétiques et simulations multi-agents du système de transport : reproductibilité et cas d'usage en France

Actualités du réseau

- May 19, 2026 Journées du Réseau Français de Recherche Reproductible 2026
- Mar 17, 2026 Recrutement d'une chargée d'étude
- Dec 18, 2025 Présentation de la réunion des membres du réseau 2025

Divers

- Apr 2, 2026 Newsletter d'avril 2026
- Feb 6, 2026 Newsletter de Février 2026

- Webinars
- Trainings
- Awareness-raising initiatives
- Working groups
- Community managing
- etc.

Practical cards: Psychology and Softwares working groups

- Swiss Reproducibility Network (SwReN) Website: <https://www.repro.ch> Contact: repro@repro.ch
- UK Reproducibility Network (UKReN) Website: <https://www.repro.uk> Contact: repro@repro.uk
- Ukrainian Reproducibility Network (UReN) Website: <https://www.repro.ua> Contact: repro@repro.ua

Oceania

- Australian Reproducibility Network (AusReN) Website: <https://www.repro.au>

How to contribute ?

- Post an **official flyer** in your lab
 - Share ideas and suggestion
 - Join a **collège** or a **working group**
 - Organize a seminar, a bibliographic study group, a coffee around reproducibility
 - Promote **MOOCs**
 - Write a practical card on a theme
- **Every contribution is welcome !**

CONTACT US !

To get in touch with the network organisation, send us an email:
contact@recherche-reproductible.fr

To join the network: you can subscribe to the mailing list on the page:
<https://groupes.renater.fr/sympa/info/recherche-reproductible>
